REBECCA DOGGETT ANDRADE
Servant of the People
Executive Director
TRI-CITY CITIZENS UNION FOR PROGRESS

Becky Andrade has served the people of Newark and Essex County all of her adult life. She has been an organizer and administrator of programs to empower people to take charge of their own life. She has been a builder of coalitions of isolated community groups to mobilize and overcome the obstacles which prevent their effectiveness.

Among the groups in which she has exercised her special leadership qualities we may include:

- United Community Corp. of Newark
- Newark Pre-School Council
- Committee for Negro Progress
- Crusade for Learning
- Title XX Steering Committee
- Essex County Title XX Social Service Coalition
- Emergency Committee to Save Child Care
- National Association of Neighborhoods
- Newark Coalition for Neighborhoods
- Center for Community Change

A major part of Becky's life has been her work at Tri-City. She was a founding member of the organization and since July, 1972, has been the Executive Director and driving force of a growing neighborhood based service and revitalization agency. Through her efforts, many people received the opportunity to improve the quality of life.

Becky has been appointed and confirmed as Director of the Department of Citizens Services for the County of Essex. She will continue to serve the people in this new role and Essex County will be a better place to live.

Go forth Becky, with all that you need to grow and continue to be the servant and to empower the people.
